Maintenance and cleaning

To help the surface retain its appearance, we recommend that you vacuum the furniture regularly and wipe the surface with a damp cloth as needed. Remove spills immediately. If stains and dirt cannot easily be removed with a damp cloth, a cleaning agent and stain remover from the Stressless® Fabric Care Kit may be used. Be particularly aware of areas that are in contact with skin and hair, such as armrests and neck support. These areas are more exposed to grease and dirt and should be cleaned regularly.

Read more about our fabrics.

Fabrics

We are uncompromising when it comes to fabric quality, and we cooperate with suppliers that manufacture in accordance with strict quality and environmental requirements. If correctly maintained, the fabrics we have selected will help give the furniture a long life. All our upholstery fabrics meet and exceeds the requirements of mobelfakta.no for Hard Wear. To meet Hard Wear requirements, the fabric must pass international tests for durability, light fastness, pilling resistance, fire safety and colour fastness. Tested in accordance with ISO 105-B02 (Light fastness) EN-12947-2, Martindale (wear test), and with ISO 12945-2 (pilling) and ISO 105x12 (rubbing/dye, wet and dry) and EN 1021-1 (Fire safety test).

BLOOM

Textured fabric with a touch of nature.

Bloom is a contemporary woven fabric with a distinctive appearance, achieved by blending a variety of coloured yarns and weaving techniques. The textured surface and interplay of colours are reminiscent of rock and forest floors, adding a touch of nature to your home. The colour selection complements leather and plain fabrics beautifully. Bloom is crafted with a high percentage of recycled polyester, is low in maintenance and can withstand hard wear.

COLOUR FASTNESS WET 4-5	scala 1-5
CIGARETTE TEST	pass

Composition: 60 % GRS certified recycled polyester PET,
40 % polyester

Price group: 1

Maintenance and cleaning

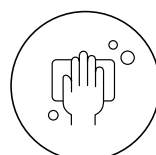

To help the surface retain its appearance, we recommend that you vacuum the furniture regularly and wipe the surface with a damp cloth as needed. Remove spills immediately. If stains and dirt cannot easily be removed with a damp cloth, a cleaning agent and stain remover from the Stressless® Fabric Care Kit may be used. Be particularly aware of areas that are in contact with skin and hair, such as armrests and neck support. These areas are more exposed to grease and dirt and should be cleaned regularly.

YOREDALE

Sustainable, soft British wool fabric inspired by nature.

Yoredale is a wool fabric with a modern range of colors. The fabric feels soft and cosy and is perfect for creating a classic, warm and inviting interior.

COLOUR FASTNESS DRY 4	scala 1-5
COLOUR FASTNESS WET 4	scala 1-5
CIGARETTE TEST	pass

Maintenance and cleaning

We recommend to vacuum the furniture regularly and wipe the surface with a damp cloth as needed. Remove spills immediately. If stains and dirt cannot easily be removed with a damp cloth, a cleaning machine for furniture and carpets can be used with lukewarm water. Make sure to use as little water as possible. Please follow the machine and cleaning agents instructions carefully. Pilling is a natural occurrence on products which are made of natural fibres, such as wool. The pilling will reduce over time and can easily be removed with vacuuming or a "fabric-shaver". We do not recommend impregnation of our wool fabrics.

Composition: 95 % Wool, 3 % Polyester, 2 % Polyamide
