

EKORNES®

FOR THE CONTRACT MARKET

Stressless® Laurel Low (L) and Stressless® Laurel Low (L) w/armrest, D300

Supplier of unique comfort

From check-in to check-out, from galley to bridge – through Ekornes, you can furnish every space with the legendary Stressless® comfort.

We supply recliners, dining chairs, mattresses, beds and sofas that can be tailored to your specific project and interior design concept, both on land and at sea. From bold and daring to classic and elegant – we have what you are looking for, made in Norway to the highest standards of excellence.

We have supplied furniture to public and private sector clients around the world for many years. The durability and comfort of our products have been well proven.

Stressless® Rome Cross with adjustable headrest.

Designing for the future

Circular design

Ekornes aims to meet future demands through designing for easy disassembly, making it possible to replace components for repair, recycling, or reuse. We strive to use recyclable materials to the greatest extent possible, in order for them to re-enter the product lifecycle at a later stage.

Quality and comfort that lasts

At Ekornes we make quality products that lasts. Our raw materials are selected with the utmost care and consideration to give the furniture endurance. Choosing a high-quality product extends its lifespan and lowers the environmental impact, making design just as important. With our focus on timeless pieces, we create furniture to last.

Reducing virgin material

In addition to turning waste into valuable resources, we are exploring new technologies to reduce the use of virgin material. One example is the new Stressless® Basil Dining chair, which has a fabric knitted with 3D technology. Its superior precision eliminates waste. Another great product feature is that the fabric is washable or can be replaced completely without changing the chair.

Waste free production

An important goal in Ekornes' sustainability strategy is a waste free production. By re-introducing by-products from own products into existing or new circular models, we are able to save virgin material and make waste a valuable resource in our factories.

Offer your guests the best

Stressless® Laurel Low (L) w/armrest, D200.

Stressless® Laurel Low (L) w/armrest, Home Office.

A unique chair

Long hours can put a strain on your body. Your natural response is to shift positions. Stressless® chairs work with the body. With a flexible seat and back, they follow your body's movements in a unique way, and offer a variety of positions for increased comfort.

The Stressless® chairs come in a wide variety of designs and functional bases. With reclining back, replaceable base, seat and back cushions Stressless® chairs are perfect for restaurants, guest rooms, meeting rooms, or as a desk chair.

Choose a Stressless® chair with the unique Balance&Glide™-system.

Balance&Glide

Our Stressless® dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximize your quality time with friends and family.

Stressless® Laurel Low (L) w/armrest, D200.

Good taste in a chair

Have you ever sat in such a comfortable dining chair that you don't want to leave the table quite yet? Everyone who works in the hotel and restaurant business knows that the food is only part of the overall experience when a meal is served. The lighting has to be right, the sounds pleasant and, not least, the furniture must create the right feeling. From the moment your guests sit down until the dessert plates are cleared away, the seating contributes to the overall experience. And remember – cafeterias are no exception!

Stressless® Laurel Low (L) w/armrest, Home Office.

Stressless® Laurel Low (L) w/armrest, D400.

1 Our Stressless® Dining chairs are also a popular choice for conference rooms.

2 A wooden base creates an exclusive and warm atmosphere.

3 Different bases can create entirely different visual expressions. Legs in black powder coated steel create a neat and airy look.

4 Stressless® Dining chairs are available in a large selection of fabric and leather covers. Here combined with the D400 base.

1

Create your own Stressless® chair

There are more than 1,500 different possible combinations of colours, fabrics and leather in our collection. A wide range of bases and chair models means you can create precisely the chair you are looking for. Will it be a conference room chair, multipurpose chair, office chair, dining chair or waiting room chair? That is entirely up to you, your imagination and your vision. But whatever you choose, you can be certain that it will have the exceptional quality that Stressless® is known for.

Home Office

Stressless® Laurel Low (L) w/armrest, D200.

1 Furniture in leather and wood are perfect in rustic surroundings. Our chairs can be tailored to any environment.

2 Why not mix fabric and leather in the same room? In light, modern surroundings, a cognac-coloured leather is a clear favourite. It goes well with neutral grey tones.

3 Are you looking for a bolder choice of colour? No problem! Our fabrics are easy to keep clean and are extremely hard-wearing.

Stressless® Laurel Low (L), D300.

Stressless® Laurel Low (L) w/armrest, D300.

The recliner that says “welcome”

A luxurious, comfortable recliner sends a clear signal that “you are welcome here”. Whether it is in a public space, the lobby or a hotel room, it will become an instant favourite of those whose work or leisure takes them there.

Stressless® recliners are among the most well-respected and well-known brands in the furniture market worldwide. They have unique functions, like the Plus™ system, which provides optimal support for the head and lumbar region, and BalanceAdapt™, which adjusts the angle of the chair’s seat and back to your movements. This innovative mechanism creates subtle tilting movements that provide a feeling of weightlessness and the chance to lie almost horizontally.

Stressless® London Star Low Back.

Stressless® Rome Cross High Back.
Stressless® Urban Cross (S) Table.

Different environments demand different functions and visual expressions. That is why we offer a wide range of Stressless® recliners, whose design ranges from the classic and timeless to the modern and dynamic. You choose the base according to your taste and needs, and several models can be supplied with either a low or high back. All of them, however, provide a level of quality and comfort we believe is hard to match. See all our recliners at stressless.com.

Ekornes® sofa

– where people get together

A space with a sofa sends a clear message: this is a place for people to get together. For a long period of time we've been a complete supplier of furniture to both public and private sector clients, we know what it takes for your next seating arrangement to fulfil this function. Not only does the design need to be inviting, it needs to be superbly comfortable to sit in.

Our sofas come in a wide range of designs, colours and materials, which makes them the perfect addition in any environment, whether it is a hotel room, break room or reception area.

Stressless® Fiona sofa and Stressless® Aura Cross recliner.

Our chairs and sofas have design details that make them easy to group in a myriad of combinations, depending on the space and your functional requirements.

Where peace reigns

In their hotel room, guests should be able to kick back and experience undisturbed peace. That makes the furniture even more important.

Stressless® Laurel High, D300.

Stressless® Rome Cross Low Back.
Stressless® Urban Star (S) Table.

Ekornes supplies everything you need – from Svane® mattresses and beds to Stressless® dining chairs, recliners and sofas. There is a wide range of designs to choose from, but all our furniture has one thing in common: proper Norwegian craftsmanship, built to last for generations and with comfort and functionality that only we provide. That is something both you and your guests will appreciate.

Good nights give better days

Did you know that Ekornes also supplies a good night's sleep? Svane® beds and mattresses hold a unique position in the history of Norwegian furniture. Established in 1937, Svane® was the first Norwegian furniture brand. Since then, innovation has been our watchword. Today, for example, Svane® supplies mattresses made with the unique material IntelliGel®. All our mattresses have the DuoSystem®, in other words a firm side and a soft side.

We have adjustable beds, divan beds and mattresses. And, of course, everything is available in the furniture fabric that can be matched to your interior décor.

The image shows the interior of a ship's lounge. In the foreground, a black leather armchair with a five-spoke base is positioned on a grey carpet. To its left, a round wooden table holds a black remote control. Another similar chair is visible behind it. Large, angled windows with wooden frames provide a panoramic view of a coastal town and a body of water. The ceiling is made of horizontal wooden slats.

Comfort on board

Stressless® Mint High (L) w/armrest, D100.

Dining chairs from the Stressless® Dining range offer a level of comfort reminiscent of our famed recliners. That is why they have become so popular in both exclusive restaurants and more relaxed seating areas on board ship.

What could be better than leaning back in comfort while you enjoy a delicious meal and a beautiful view? The Stressless® Dining collection consists of a wide range of models that can easily be customised to fit into any maritime environment.

Stressless® Basil Low (L) w/armrest, D451

Stressless® Mint Low (L) w/armrest, D150 og D451,

Stressless® Mint High (L) D400,

Most modern ships offer the same level of comfort on board as you would find on shore. When Havila Kystruten, one of the companies sailing the iconic Norwegian coastal route between Bergen and Kirkenes, wanted to furnish its restaurants with modern, Norwegian dining chairs, they chose high quality, locally produced furniture from the Stressless® Dining range.

Now, cruise passengers can enjoy breakfast or a gourmet meal in stylish, modern surroundings, while the beautiful Norwegian coast passes outside the window. Stressless® comfort is renowned worldwide, and your guests and employees deserve to be met with the best that Norway has to offer.

The image shows a bright, modern interior space, possibly a public meeting area or a cafe. In the foreground, there are several tables and chairs. The chairs are upholstered in various colors like beige, brown, and blue. The tables are light-colored. In the background, there is a large window that looks out onto a green landscape. To the right, there is a counter area with a sign that says "THE MARKET by mibie". Above the counter, there is a balcony with a glass railing. The ceiling has several pendant lights. The overall atmosphere is clean and contemporary.

Where people meet

Stressless® Laurel Low (L), D300.

The first impression visitors get comes from the reception area or lobby. It should inspire confidence, radiate quality and provide an opportunity to relax.

Sofas and recliners from Stressless® have an enduring quality that creates a sense of wellbeing. At the same time, they come in a wide range of designs that fulfil different functions.

Good meetings in good chairs

When important decisions are to be made, or lengthy processes must be undertaken, it is worth investing in furniture that can stand up to prolonged use. Chairs with moveable seats and backs provide the pinnacle of sitting comfort and reduce meeting fatigue.

Chairs from the Stressless® Dining collection have the functions you are looking for, in addition to a wealth of choice in designs and colours. It is no coincidence that you will find them everywhere, from large conference rooms to small waiting rooms worldwide.

Stressless® Laurel Low, D300.

Social meeting place

A space with a sofa sends a clear message: this is a place for people to get together. For a long period of time we've been a complete supplier of furniture to both public and private sector clients, we know what it takes for your next seating arrangement to fulfil this function. Not only does the design need to be inviting, it needs to be superbly comfortable to sit in.

Our sofas come in a wide range of designs, colours and covers, which makes them the perfect addition in any environment, whether it is a staff break room or public waiting area.

See all our models at stressless.com

Ekornes® Frende Petite.

1 An informal sofa unit can function as both a place to gather and an alternative space for small meetings.

2 In the staff area, many people prefer sofas to traditional dining chairs, to create a cosy, sociable atmosphere.

3 It is easy to combine Stressless® recliners and sofas in the same interior décor, thanks to a huge choice of designs, bases and covers. Several sofas also have recliners in the same series.

4 In recent years, public spaces have taken on a more colourful look. With Ekornes, you get quality sofas in easy to care for, hard-wearing materials in a variety of different colors.

Ekornes® Frende Medium
Ekornes® Ideal Ottoman Ø60.

Take a seat and relax. When you do this in Stressless® furniture we hope you'll notice the difference between our furniture and everything else. The difference lies in our patented comfort technologies. BalanceAdapt™. Power™. Plus™-system. Glide™-system.

Our vision is to create recliners, sofas, office chairs and dining chairs that provide perfect support while replicating the body's every movement. Add in the ability to select between three recliner sizes or tailor a sofa with low back, high back and headrest options and the result is a level of fit and comfort one can only feel when spending time in Stressless® furniture.

Whether you sit up or lie down, the **Plus™ System** provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement to make your comfortable moments even better.

With **BalanceAdapt™**, subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

Power™ is easily operated by the remote control, the motorized functions offer truly outstanding comfort in all positions, small adjustments can make a big difference. Take comfort to the next level with optional extras including built-in heating and massage functions.

Optimal comfort is also about correct size. Most of our recliners therefore come in small, medium and large, for you to find your perfect fit.

Optimal comfort is also about unique design options. Our Star, Cross and Original base models come in 3 different options, - Low, Adjustable and High back.

With a light pressure on the right side of the seat cushion, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

When you sit down in a sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

The unique **Stressless® Dining** chair responds to your body's movements and automatically adjusts the seat and back position, without levers or handles. This comfort enables you to maximize your quality time with friends and family. Enjoy!

With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, our machines and people work together to create furniture that will live with you through a lifetime. When you sit down and appreciate how genuine Stressless® furniture feels, you will know.

Our Stressless® production is certified in accordance with **ISO 9001: 2015** for quality management and **ISO 14001: 2015** for environmental management.

All our products are tested in accordance with the requirements given in Norwegian "Møbelfakta".

Ekornes can deliver products with wheelmark certification. These products have been tested to verify compliance with the following Regulations and standards: (EU) 2021/1158, item No. MED/3.20b. SOLAS 74 as amended, Regulation 11-2/3, 11-2/9 & X/3, 2000 HSC Code 7 and IMO 2010 FTP Code as per EC examination certificate number MEDB00007YS.
