CIGARETTE TEST	pass

Composition: 53 % polyolefinic, 26 % acryl, 11 % wool
8 % polyester, 2 % polyamid

Price group: 5

Maintenance and cleaning

To help the surface retain its appearance, we recommend that you vacuum the furniture regularly and wipe the surface with a damp cloth as needed. Remove spills immediately. If stains and dirt cannot easily be removed with a damp cloth, a cleaning agent and stain remover from the Stressless® Fabric Care Kit may be used. Be particularly aware of areas that are in contact with skin and hair, such as armrests and neck support. These areas are more exposed to grease and dirt and should be cleaned regularly.

Fabrics

We are uncompromising when it comes to fabric quality, and we cooperate with suppliers that manufacture in accordance with strict quality and environmental requirements. If correctly maintained, the fabrics we have selected will help give the furniture a long life. All our upholstery fabrics meet and exceeds the requirements of mobelfakta.no for Hard Wear. To meet Hard Wear requirements (Martindale), the fabric must pass international tests for durability (ISO 105x12), light fastness (ISO 105-B02), pilling resistance (ISO 12945-2), fire safety (BS 5852: Part 1:1979 s. 0&1) and colour fastness (ISO 105x12 nd IMO Part 8 compliant).
