

Stressless®

MIRAGE

A modern two-tone textile, made with new technology.

Mirage is a 80% wool and 20% biodegradable polyamide fabric knitted with a two-tone weave which gives a modern look. The wool is organic, GOTS-certified, and sustainably produced in compliance with BlueSign and Oeko-Tex. Mirage is knitted in Norway using 3D technology which allows for greater precision and waste reduction. The fabric cover is machine-washable or replaceable without changing the chair.

ABRASION (MARTINDALE) (Hard wear domestic use 25.000)	100.000
PILLING 3-4	scala 1-5
LIGHT FASTNESS 6	scala 1-8
COLOUR FASTNESS DRY 4-5	scala 1-5
COLOUR FASTNESS WET 3-4	scala 1-5
CIGARETTE TEST	pass

Maintenance and cleaning:

We recommend vacuuming the furniture regularly and wipe the surface with a damp cloth as needed. Remove spills immediately. In cases where a damp cloth does not remove the stains, the cover can be machine washed on a wool program (30 degrees Celsius) using a wool wash detergent. Check the care label for a QR code showing how to remove the cover. Pilling is natural on natural fibre products and can easily be removed by vacuuming or by hand. Snags can occur and should be pushed back with a fine blunt tool. Do not pull or cut, this could cause the knit to unravel. We do not recommend impregnation of our wool fabrics.

Composition: 80 % wool, 20 % biodegradeble polyamide

Fabrics

We are uncompromising when it comes to fabric quality, and we cooperate with suppliers that manufacture in accordance with strict quality and environmental requirements. If correctly maintained, the fabrics we have selected will help give the furniture a long life. All our upholstery fabrics meet and exceeds the requirements of mobelfakta.no for Hard Wear. To meet Hard Wear requirements (Martindale), the fabric must pass international tests for durability (ISO 105x12), light fastness (ISO 105-B02), pilling resistance (ISO 12945-2), fire safety (BS 5852: Part 1:1979 s. 0&1) and colour fastness (ISO 105x12 nd IMO Part 8 compliant).
